Wishes for the Teachers

In this one of the most important days in the year:

The Teachers' Day

We want to wish you

Health, patientce and fun for your work

We-the students

Dear Readers,

How are you? Have you had the best holidays in your life? It's a pleasure to be with you this year, together with the **main editors of Gimnazeta: Mrs M. Brzezińska and Mrs. I. Zakrzewska**, wishing you good luck! The oldies but goldies will remain: **Ms Paulina Plucińska and Ms Adrianna Krajewska-English Corner**-as well as **Mrs Małgorzata Pacześ-Górna and Mr Krzysztof Snochowski-Deutsche Perspektive**.

Taking this opportunity we'd like to congratulate Mr Snochowski with his newborn daughter.

Dear Chris,

Congratulations on your new role as a proud parent of a happy and healthy girl. We hope this is a wonderful time filled with lots of joy and happiness for your new family.

And last but not least we are extremely happy to meet our new and old editors of English Corner. The readers will find a photo gallery in the first issue.

Have a happy school year,

Adrianna Krajewska

World Teachers` Day

Teachers` Day is a special day for the appreciation of teachers and their hard work. Although the festival is celebrated in different countries of the world, it doesn't fall on the same day. In the most countries people celebrate it on 5th of October. In some countries the day is declared as a holiday and children don't go to school. However there are countries where it is celebrated on working days. Students arrange and perform at school various types of cultural programs and activities. The best teachers become rewarded for their achievements.

In some countries children give personal gifts or flowers to their favorite teachers to express their affection.

India's teacher's day is different from the World Teacher Day. In India, Teachers' Day is celebrated on September 5, in honor of Dr Sarvepalli Radhakrishnan, the second President of India. The 5th of September is his birthday. On the day, senior students in schools take up the responsibility of teaching their juniors, to show appreciation for their teachers. The day is not a holiday. It involves many activities in educational institution

China Teachers' Day was founded at National Central University in 1931. It was adopted by the central government of Republic of China, in 1932. In 1939, the day was set on August 27, Confucius's birthday. Now more and more people are trying to revert the Teachers' Day back to Confucius's birthday.

Russia In Russia, Teachers' Day was celebrated on the first Sunday of October, between 1965 and 1994. A number of activities are organized in schools, to honor teachers. The celebrations may continue for the entire week of May.

Thailand In Thailand, National Teachers' Day is celebrated every year, on January 16. The first Teachers' Day was held in 1957. The day is declared as a holiday in schools.

Iran In Iran, Teachers' Day is celebrated on May 2. On the day, students offer flowers to teachers, to honor the sacred profession.

Turkey In Turkey, Teachers' Day is celebrated on 24th of November. Kemal Ataturk dedicated November 24th to honor teachers and their profession. The profession of teaching is regarded as something incomparable and sacred.

Hard words

Kalopsia – (from Ancient Greek καλοψία)
Illusion wherein things appear more beautiful than they really are

Serendipity – finding something good without looking for it

Abydocomist – liars who boast about the lies they've told

Ramfeezled – thoroughly exhausted

Shenanigans – mischief, prankishness

To jottle – to appear or act busily but do not much

Record-Breaking roller coasters

Roller coasters are in almost every amusement park. Speed, sharp bends, seemingly different gravity, insecurity- makes it extremely popular around the world. I will show you three of them!

1. Colossos

This 60-meter high design is the fastest wooden coaster in Europe (and third in world!). Its maximum speed is 120km/h. In 2003 Colossos went to the Guinness Book of Records as the world's largest roller coaster of a wooden construction. Do you wanna go to the Heide Park in Germany after that? ☺

2. Formula Rossa

The fastest roller coaster in the whole world! Even faster than Kingda Ka in the USA. It's located in Ferrari World, in United Arab Emirates so don't be surprised, when I say that its top speed is 239 km/h. Incredibly fast! Because of the danger of a collision with insects and dust particles, passengers have to wear special protective glasses.

3. Skyscraper

Skyscraper is a Polercoaster, a type of roller coaster, that will be located at the Skyplex complex in Orlando, Florida. The ride is under development and is set to open in 2018. With a structure exceeding 150m in height, it's expected to obtain the record for the world's tallest roller coaster. Look at it! Pretty cool, don't you think? ☺
